How can we from thee part?

## "The Fire Within"

"For a gallant spirit there can never be defeat." Wallis Simpson, Duchess of Windsor

In my mind the phrase "The Fire Within" refers to the human spirit, that intangible but all-important part of human beings that drives us forward and is the source of energy that imbues our lives with joy. "The Fire Within" is an excellent phrase to capture the essence of the 2003-2004 school year at Trafalgar Castle School.

This year has been full of the indefatigable spirit of our students, a spirit that spills over into the lives of all who come into contact with our school. The year has been marked by many academic successes evidenced by a range of accomplishments, from our senior Project Management class presentation to the university community in Ottawa in the fall, to the individual student who perseveres with the subject she finds most challenging until she achieves her personal goal.

Our athletic teams have been composed of enthusiastic participants, ranging from accomplished senior athletes to those who have ventured out to try a new sport and made significant contributions to the team effort. Memorable dramatic performances, beautiful voices, talented musicians and creative artists in our student body have enriched the lives of our community through their sharing of their talents.

It is most impressive to me to watch the tremendous commitment on the part of our students as they recognize the importance of the spirit of service to others and the many good deeds they have done to help others less fortunate than we. It gives me great hope for the future of our world to watch these young people demonstrate their spirit of compassion through personal action and I commend them for their deeds, both collective and individual.

I will take my leave of the school after eight wonderful years and I, like our graduates, will carry with me the amazing sense of spirit that comes from the fire within at Trafalgar Castle School. Thank you to all whom I have known here for your contribution to this spirit.

Mr. Briggs

*The Trafalgar Castle Community would like to thank Mr. Briggs for his contributions to our school over the past eight years. His vision of Trafalgar Castle School as a leader in information technology has left an imprint on the fabric of our school community and we wish him all the best in his future endeavours.*

# VICE-PRINCIPALS' MESSAGES

Another year has flown by, a year full of memories for you, your friends and the staff here at Trafalgar Castle School. This yearbook now serves as a repository for many of the memories you have of the 2003/04 year. I want to congratulate and thank Brittany Slade, Marissa Van Dusen, Mrs.

Kwietniowski, Mrs. Pollitt and

the yearbook crew for their tireless (behind the scenes) efforts which helped make this yearbook a reality. "The Fire Within" is this year's theme. Many of the pictures in this yearbook capture our students and staff exhibiting the fires within them, pursuing their passion in the sports arena, on the stage, or in the community. As you go through life, take advantage of as many opportunities as you can to test and discover what your "fire within" is, what your passion is. Once you find it, pursue it. I want to congratulate the graduates of the Class of 2004 on completing your high school education. I wish you all the best as you move on to the next chapter in your lives at college or university. Continue to pursue your passion and nurture the fire within, always with respect for yourself and for others. I will leave you with the following words of wisdom, attributed to Tao Te Ching:

KINDNESS

Kindness in words creates confidence.

Kindness in thinking creates profoundness.

Kindness in giving creates love.

Mr. McClure - Vice-Principal / Academics

It is hard to believe how quickly the year has flown by. The whirlwind of activities as usual kept us all incredibly busy. Every year, I am always so proud of the achievements of our staff and

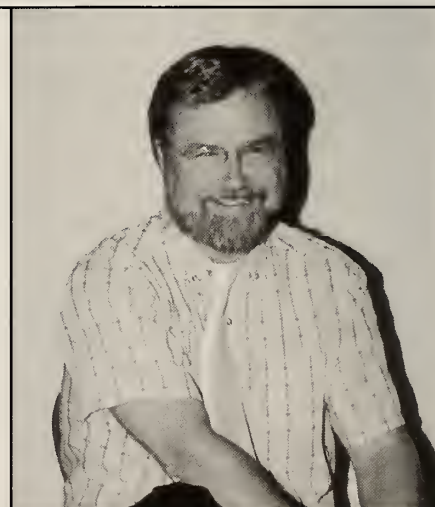

students. Awards Day this year was no exception, showcasing so many important milestones in athletics, academics and the arts. The residence was a dynamic and lively home for all our boarders as usual and a new cooking club kept things busy. My thanks go to the RTs for their dedication, professionalism and great sense of humour which kept all the girls motivated and content. Trafalgar is a warm and welcoming home and our extended family celebrates the traditions of many different cultures, from the Mexicans' laughter to the beautiful Korean May Day dances and food festival.

Grads, remember Trafalgar fondly and come back to visit us ! I wish you all the best in your future endeavours. For those of us returning, I hope you enjoy a wonderful and well-deserved summer vacation. Life at the Castle is all about you !

Ms. VanderHelm - Vice-Principal / School Life

After 33 years of teaching History, Economics and Law, Mr. Palmer is retiring from Ontario Ladies College/Trafalgar Castle School. Over the years, he instilled a love of History in many of his students with his enthusiasm, knowledge, creativity and sense of humour. His efforts in debating date back to 1970 and have contributed to a generation of young women who can speak with confidence in public.

We will miss him and wish him all the best in his retirement!

**"I'm beginning to learn that it is the sweet, simple things of life which are the real ones after all"**

**Laura Ingalls Wilder**

*We cannot believe that the year is over. It has been a crazy year, but we wouldn't change it for the world.*

*We would like to begin by thanking the many wonderful people who have helped us throughout the year. Ms. Kwietniowski, this yearbook exists only because of your effort, patience and dedication. Thank you. Mrs. Pollitt, we don't know what we would do without your wonderful pictures that capture the memories throughout the year. Thank you. To the dedicated students who came in during March Break and in June to work on this yearbook-Mallory McCartney, Natalie Pirkola, Rachel Shaw, Tanishah Nathoo, Jackie Kim, Ridhi Kukreja, Neiraja Gnaneswaran, Rajnee Singh and Kimberly Sokol-we could always count on your hard work. Thank you.*

*To the grads of 2004, congratulations! All of the hard work has paid off. Good luck in your future endeavours.*

It's hard to believe that a chapter of my life, which has held so many amazing memories and experiences, is coming to a close. The life lessons I've learned at Trafalgar are innumerable, and I accredit the teachers and students for this. I feel so fortunate to have been exposed to such a caring, genuine and devoted group of teachers. The community that I have been part of for the last three years is one that promotes togetherness and support. We are lucky to have a place where we are allowed to develop into strong, independent

women that are ready to take on every challenge that society has to offer. I will not deny the fact that there have been tough times, tears and plenty of occasions where I have not succeeded. Through each struggle, my friends, family and teachers were there to encourage and motivate me. It may sound cliché, but the journey truly is the only thing that matters. It is the steps you take and how you take them, not where you end up that changes you as a person. It has been a pleasure to share this journey with so many talented and unique individuals. The smallest things frequently have the greatest effects, and these will stay with me forever; from getting fed fifty times a day to being able to sing in Friday's chapels. To returning students, remember to look to the people around you for support when you need help and get involved in as many activities as you can. Don't be afraid to take risks and try something new! Don't take yourself too seriously. Be able to laugh at and make fun of yourself. To the grads, good luck next year, wherever you may be. It's been a privilege to share my last year of high school with some truly amazing girls! My motto for life is to live for the moment. Live for the moments here at Trafalgar – embrace everything it has to offer. Good luck everyone!

Stephen Hawking asked, "Why do we remember the past and not the future??" I wish I knew what lay ahead. I wish I knew that it was going to be as incredible as my life at Trafalgar. I grew up here. From my camp days over ten years ago, to my first day in the seventh grade, to the moment when I receive my diploma- the past six years have shaped me in ways I could never have imagined. Always remember: Pepsi parties; coconut Pete and Gunther Stubbs; the "fields." Sublime, with an extra large Timmy's (stick it out the window!); the East-coast wannabes (codfish included); COSTA RICA! Champagnade and raw potatoes; kayaking and the cliffs. Rejects shall inherit the earth; ACDC remix; Paris Hilton; Balsam Lake and mannequins; Palmie and the toga girls; hello P1...hello P2; Britney lives on; my beautiful shrink; The Charleston! Maybe he's born with it- maybe it's Maybelline! Twizzlers and the coon; Robot...where did that come from? Psst...Masta! There eez a leetle boy in da back! Right thur! Not the shower! And never forget...the squirting chicken. It is the key to my existence. Also: we are too hot for only one. It's true and everyone knows it. And now for something completely different...Mum and Dad, thanks for everything. I'll never forget how you accepted me and my decisions! (\*cough\*) Haily, keep me updated about the goings-on at

the steps that are beginning to fall. The fights, the falls, the failures, the successes. Will I remember Nicole and her pink obsession, Abby and her blunt comments? Will I remember Amy and her remarks about everything or will I forget that our brains seemed to work on the same page. Or will I forget the fact that Jaime runs to the resource centre to converse over msn, that Amy M will be the future Mrs. Depp or that you can always trust Tracey to make the day more interesting. Will the memories of smiling faces, loud obnoxious conversations, art class discussions, resource centre blunders and the hunts for Ms. Rae's stapler fade away? Just thinking about these things brought a smile to my face, as Courtney and her never ending imagination sat beside me. The smile soon turned into unceasing laughter and I realized that nothing will ever leave what's already locked away in my heart. New memories, will not replace old ones, new friends will not take the place of true ones. In a few months I will once again look out the common room windows to say my last goodbye to this place I, for four years, called home. I will then leave with a smile, so I part with a hello, rather than a goodbye.

Firstly, I would like to thank my parents for bringing me safely through the storm of life. Mum and Dad, thanks for providing me with countless opportunities enabling me to be the best that I could be. Sherry- Ann- my advisor, my friend and guidance counselor- you are the best sister one could ask for. Just remember you are perfect. Grandpa- your guidance has led me to find the right path. I must thank Trafalgar for being my savior, without you I would not have made it. Mr. Briggs- Thanks for giving me a chance. The last two years have been an honour. I won't forget the fun, the people I've met or the great support from all of the teachers. Ms. Miles berry- thanks for constantly challenging me to be the best. Mrs. K- I'm glad that I had someone to complain to, thanks for listening. Mrs. King- thanks for going easy on me. To the girls on Ryerson, my time in residence would not have been of value without each and every one of you. Studying at Trafalgar Castle School has been a wonderful experience for me. I didn't know how to communicate with people in my first year when I came for grade 9. Being grown up isn't half as fun as growing up; these are the best days of our lives. SC: these four years would have never been the same without you.

Thank you mom and dad for giving me this opportunity and to all the people that I met along the way, I will never forget you.

MEGHAN CROCKFORD

Well girls we are done! We should all thank our parents for loving us enough to send us to a school, which doesn't only help prepare us for our futures educationally but also politically. No matter if you notice it or not we are surrounded by the politics of the outside world. To my wonderful family. Thanks for the opportunities that I've been given. I could not be half the person I am now with you. I've continued to grow up. You left some big shoes for me to fill but I tried my best. Charles... you have meant a lot to me ever since the past 2 1/2 years. You've given me strength and helped me through the toughest times in my life. Thanks for everything. I hope I've helped you as much as you have helped me. To all my friends thanks for always being here for me. We have all changed each other's lives in some ways. And I like who I am so you all did something right. To all my past trips to movies, uptown, different homes, snowboard, P1 and P2, rowing, shanooks, 3 AM only. Me making a fool of myself at camping weekend. Marvin the Mouse Frank calls. You told me you loved me! I'm an incredible driver. Gabe was too scary. Macpherson. Come to me for crosses. Well, it's finally come, hasn't it? The pinnacle of my high school education is upon me and I haven't a clue what's going to happen next. It's a scary thing not knowing what the future holds, but isn't that a part of all the excitement? I wouldn't have been able to come as far as I have come without some very important people in my life. First and foremost I would like to thank my family. With- out their courage- relentless en- and extreme patience I don't know what I would have done. They have supported me in anything that I have attempted and remained by my side no mat- ter the outcome. My friends here at Trafalgar have also made a profound impact on the last three years of my life. Amy, thanks for your insane sense of humour that has always brightened up my days. Courtney B, I'll always remember your crazy outbursts. You can always come to me for directions! Courtney A, you've taught me loads of things I don't think I'll find in books! Laura Bravo, thank-you for always being a kindred spirit, and making my bed when on excursions! Tracey, you're the most sarcastic person I know! Thanks for always giving me a good laugh! Kerri, don't stop being weird, and remember: I'm co-founder! Jaime, one day I'll learn how to eat Dairy Queen ice cream! Marina, my bio-buddy! I swear if you weren't my partner I would have at least won one of those games! To my project management buddies...we had fun eh??? No more late nights! To everyone, I want you all to know that Trafalgar wouldn't have been the same without any of you. Keep in touch! This year has been one of the hardest I have ever had to endure. But the effort I put into getting through my grade 12 year, has made it that much more satisfying and exhilarating. Grade 12, although a challenge, is a challenge I know that you will all rise to meet with flying colours.

I have been here for two years. Two years are a really short period of time. But they are also two unforgettable years because I have experienced a lot. I left home for the first time to live in another country - Canada. This is also the first time I have lived in a boarding school. The first time I have had to really face eyes to the world. This is just like a second life for me. I am ferent per-son com-pletely to the home city. "me" in my Hong Kong. For the fu-ture, I don't know much. But I hope it will be bet-ter as I learn more. These years in Canada are the turning point of my life. They are the key to a whole new world.

CHRISTINA LAI

I have a lot of wonderful memories from my 2 years at Trafalgar. I enjoyed studying and living here. First, I have to thank all the teachers. They are all friendly and supportive, especially my home-room teacher Ms Miles-Berry. To start with, I will say that Mrs K's algebra class is the best class in the world. There were many happy moments and laughter. We played and laughed and helped each other. Mrs K helped me to solve a lot of math problems and relieved my stress all the time. Thank you very much for your encouragement over these years MAMA K! Another favourite class was Mr Palmer's economics class. Mr Palmer is a very good teacher who makes economics an interesting subject. I loved every class and especially...um...the cola he gave us! Coke and economics, the best match in the world! During these 2 years, I got to know a lot of friends who are really nice. Janet, thank you for sharing my happiness and sadness during these 2 years and for always encouraging me through difficulties. You are, and you will be, my best friend forever. Christine Mo, thank you for being so nice to me and for sharing my burdens; Julie, thank you for helping me enjoy economics class; Tina, thank you for staying up with me at midnight!!!! Molly, thank you for listening to me all the time. Special thanks to Sheila, Tif-fany, Ricci, Jackie (kim kim), JasmyN, Roopan, Steph, Fion, Lai Lai, Leung Leung and Clair my days at Trafalgar so for making memorable and enjoy-able!

SHIRLEY LAM

Ooo~ Ooo~ Ooo~ Ooo~ I cannot imagine that I have been in Canada for three years already - three exciting, significant and memorable years at Trafalgar. Trafalgar is the place where I have learned to be independent, the place where I have known good friends and the place where I have been taught by great teachers. O! I can still remember the first year I came to Trafalgar grade 10. It was the year I was suffering from homesick. I missed my family and my friends in Hong Kong all the time. To forget my family and my friends I made myself focus on my studying. But after getting closer with the friends I had made and adapting to my new life at Trafalgar, I started to enjoy studying here. Besides studying, I have also had really great experiences living abroad! This year is my last year at Trafalgar. I certainly will miss all the friends and teachers I have known here and the experiences I have had here. I am thankful to those teachers who have taught me, for helping me enjoy my time studying in Canada; I have had enjoyable time studying the subjects I love - English and Art - to all the friends I have made in Trafalgar, I will never forget all of you. Thank you for leaving me such sweet memories of studying, growing up and enjoying life with you, especially those happy times spent in residence ~-~

It is hard to believe that I am going to graduate soon. Although this is only my second year in Trafalgar, it is just like a second home to me. Since the day I was born, I was protected by my parents. The one and only at Trafalgar really gave me a wonderful experience independent-me a chance to know different countries. I can still remember few days at though they yesterday. room-mate Last year, my was Linyan. Trafalgar two than me and derful room-mate. I can still remember when the Residence Teachers checked our room, and would say, "Christina! Linyan! It's time to tidy your room!" Right! Our room was always messy, I agree that this was how the others distinguished our room from the others'. I tried to make some improvements, but.....haha...Now I am leaving. Thanks to my friends and family members who supported me during this time. I will miss all of you and hope that we may all keep in touch.

**CHRISTINA LEUNG**

It was very fast...3 years passed very quickly! Now it is my turn to graduate - Trafalgar Castle School contributed to who I am in a lot of ways. I learned to be independent, strong, and to work hard. I still remember my first year at this school. To live in a foreign country was tough and lonely at first, but it became better because friends were always there for me!! Also, my school life was fun because I had such a good friends - Ricci, Sheila, Tiffany, Shirley and Janet: I'm glad to know u guys! I remember when I came to this school; I didn't know what was going on at all, I didn't know what people were talking about, I didn't know which classrooms to go to, and I didn't know how to start homework... Gradually, I got over these difficulties because many people supported me. When I look back at my memorable life at Trafalgar Castle School, I recall many happy and sweet memories in my mind. I will especially miss those days, which I spent with my roommates, Andrea and Clair! Andrea: thank u for giving me Mexican candies all the time! jajaja...I was glad to be ur roommate! Clair: u were always talking when u were sleeping! Hahaha...It was my first experience of sharing a room with someone from a different country. I will also miss Mr. Palmer's Economics class and cola! & Jackie: babo, always smiling Finally, I want to thank to my mom & dad! Mom and Dad: thank you for giving me the opportunity to study in such a good environment. Thank you everyone

**JULIE LIAO**

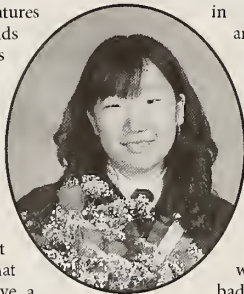

Time goes so fast! I have been studying and living here in Canada for almost 2 years. It was a great experience living in a Castle and learning about Canadian students and culture. I had a lot of interesting experiences and will remember it always. I'd like to thank all of the teachers for their support and help. And now I am leaving. It is time to say goodbye! I'd like to wish the graduates all the best in their new adventures and in their future careers. I will never forget you. I will miss you all! To those students still at Trafalgar, enjoy your time here. Graduation really does come fast.

**LIN YAN LU**

Wherever you go, you make a decision. Since I came here, I wondered who would go into this strange world, because my whole life changed. It was like in the cartoons in which characters are usually having adventures in other worlds with new friends and everything is new. This situation made me hurt and made me gloomy. However, I was able to stand up because I have lovely friends kept together and were to protect me. Now I understand that wherever I go, bad experience or good one depends on me. If I think good things will happen then it can be true. If I have big dreams and work hard then they will come true. And one more thing!! Smile!! I learned this at TCS, Whether I feel sad or angry, I still have a smile! ^-^\* That is me! I love you people~ and thank you all. ^0^\* P.S. God bless you

**TINA MA**

I would like to thank my parents for giving me this amazing opportunity to attend Trafalgar. Erin, I know it will be difficult without me here next year, but keep going! Kerri- I'll miss our pointless spares that consisted of just walking around. Tracey- I'll miss your sarcastic humour and 'dreaming crushing' next year. Nina- "That's five for us- one for Marina!" Laura- Thanks for always laughing! Courtney A- you're an amazing writer; when your first novel gets published I'll be first in line. Courtney Barnes- You have been my best friend since day three of grade nine (sorry I didn't talk to you in business class), you have made being at Trafalgar, for all these years, a blast! "Palm trees!" I want to thank all the teachers along the way: Ms Martin you are an individual that has had a profound impact on my life and you are definitely a teacher that I will never forget, Mrs. K (who knew probability was so difficult), Mr Huxter ("Alleluia!"), and Mrs Robertson (for putting up with Kerri and me singing through physics). Laura- 13 years now and we're still going! Marina- Thanks for the venting sessions on msn ("your adding velocity"), swim team (I'll miss you guys, keep swimming!), Amanda and Cara (let's try and stay in the chairs), Emma (maybe we are a little alike), Marissa, Jackie- I'll try to not be such a 'kenner' next year, and Julia- Oh, those late night cramming sessions. To anyone that I've forgotten... it's simply because there is not enough room. You have all touched my life in a way that you'll never know. Thank you Trafalgar!! Only William Wordworth put into words how I am feeling: "In that sweet mood when pleasant thoughts bring sad thoughts to the mind." I'll miss you all next year, Good luck everyone!

**AMY MCGRATH**

"All good things come to an end but it's the memories that make them last forever." this is what I have learnt this year. My years of competitive skating have come to an end, school is over, and it is like this whole chapter of my life is closing but as the quote says it's the memories that make them last forever and my memories will last me forever! To the teachers who inspired me, thank you. And Mr. Palmer, sorry but three classes a day with you really hurts my brain! To my sister, being away from home will be rough without you. Tony: thanks for everything you've done for me and the presents you buy me! Mom and Dad: What can I say but thank you. You do everything for me and I know I don't always show it, but I love you. WELL! I've been here since grade seven, and I've read these write-ups every one of my years at Trafalgar. Now it's my turn. Scary yet "awesome"! These write-ups, give a signal of hope and anticipation for all the experiences to come for us Grads 2004! The memories will forever be embedded deeply within our hearts. I know mine will. Each year was different through different courses and teachers.

Mr. Palmer, Mrs. K, Mrs. Southwell, Mrs. Talent, sworth, and Mr. Briggs you've been with me every step of the way throughout my career at Trafalgar - thank you for your guidance and support. "My Trafalgar" would definitely have not been the same without all of you. As for the "newer teachers", you were my role models. Mrs. Marrack, Ms. Milne, Ms. Low, Mrs. Robertson, Ms. Martin, Mrs. Vanderhelm... I don't know how I would've been able to survive my years without your efforts. You strive to assist students to achieve excellence... this I believe, is the major component in "Trafalgar's backbone". I WILL NEVER forget my memories with my fellow Trafalgarites. What's an experience without friends? I love you all - prelects, N 2, boarders (jun-ni sa rang hae), ridhi - "these rocks tastes like cookies", tanishah bonita - dr forever, kait - fresh-innocent-face, ana - erikcellent, vaughnderful, geeks, "acdc guy", glue on wall, smartfood = queen(s). Wow.....Grade nine, ten, eleven and twelve. FOUR years!!!! I have lived in this CASTLE for such a long time but now it is time to leave >.< Now it is time to flash back to memories and to thank all the teachers and students. Without them I would not be successful in my studies. I will always remember you. Thank you for all the extra help and support. During these four years, I met a lot of people from different countries and made a few best friends for life. I wish all of us a bright future. I have experienced a lot and have grown up in this happy community.

Thank you all of you! Keep in touch lo..... LOL.....

**TIFFANY SIN**

It has been the most amazing six years of my life. If anyone remembers me in grade 7, they remember a little girl who never talked. Thanks to the people in Trafalgar, I have become a person who is not afraid to speak and I have grown a lot as a person. Abby, even though we had a shaky start to our friendship in grade 7, you have become a best friend that has shaped my attitude (I still don't know if that is a bad thing or not). The songs that you think of are always funny; especially at Kait's birthday. Ricci, you are the friend that I always look forward to seeing every day (your unusual attitude always makes me laugh). Yasmine, you were the best Amnesty co-head ever and shared ice-cappuccinos from Tim Horton's (which always made us hyper - not that we needed it). Kait, the randomness that you put me through will always be the funniest and most memorable time of grade 12. Ana, you are the snowboard queen. Ridhi, you gave the most amazing quote for the class "we add years to life, instead of life to years". You always keep me thinking. Tanishah, you have been the one person that has changed the most and always speaks your mind. Jackie, the lesson to never phone me when I am hyper was learned the hard way. The grade 10 Halloween Party is the party that we are still talking about two years later. I would really like to see where everyone is in ten years. I would like to thank my Mom, Dad, brother (Shaun), and my Dido and Baba. Without your support and encouragement I would not be the person I am today.

**STEPHANIE SLEMKO**

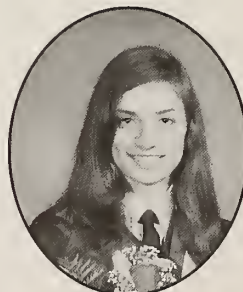

We did it girls; we're finally graduating high school! I can hardly believe that it's been six years since I first started here. It seems like just yesterday. So many memories that I will never forget. Courtney, oh the raw potatoes and champagne; "makes you wanna gag try some"! Amy M, thank you for the late nights on MSN, I couldn't have done it without you! I'm looking forward to the next year. Kerri, I will always be your "body-guard". Vanessa, the nights be-fore dance and the junk food oh all the drive-ins, Marina, thank you for being there when I needed you, it means so much I can't even put it into words. Lindsay I will miss the "summer hugs". Courtney, Amy, Jacquie and Meghan oh all those crazy nights in Barbados. Amy I think that I've "seen" too much for one life time! To all the prefects it has been wonderful working with you this year. I would also like to thank my parents for always being there and supporting me. It means so much! To my brothers I love you guys so much and even though I'm going away next year I'll be here if you need me. And to all of my Trafalgar girls it has been amazing spending these six years with you, I couldn't think of anyone else I would have wanted to spend my high school years with. Thank you so much! I love you guys! I would like to finish by quoting Dr. Suess; "Congratulations! Today is your day, you're off to great places, you're off and away. You've got brains in your head, you've got feet in your shoes. You can steer yourself any direction you choose. And will you succeed, yes, of course indeed. 99 % guaranteed!"

**JULIA TAYLOR**

It seems like yesterday that I first walked through the tower doors and into the Castle that would be my school & home for the next two years. "Time flies when you're having fun" and my time at Trafalgar has certainly been a grand adventure.

I owe a huge debt of gratitude to so many people for making these past two years the best experience a girl could ask for. Many thanks to my family, for letting me go; my 'adopted' family, the Miltons for making me a part of the clan; my teachers for putting up with me; the staff for taking such good care of me and the RTs for letting me get away with far more than I deserved. And lastly to all the Trafalgar girls-yes all 240 of you--who have become like sisters to me. So much love to you all!

**LOUISE TUMCHEWICS**

Now is the hour when we must say goodbye. Soon you'll be sailing far across the sea. While you're away, oh, then, remember me. When you return, you'll find me waiting here. Sunset glow fades in the west. Night o'er the valley is creeping. Birds cuddle down in their nest, soon all the world will be sleeping. Now is the hour when we must say goodbye. Soon you'll be sailing far across the sea. While you're away, oh, then, remember me. When you'll find me waiting here. Frank Sinatra, Now Is The Hour.

Thank you most to all of my first and fore-worldly teach-ers, loyal friends and caring family members who have helped me through these past four years. I'll never forget any of you, or our experiences together. Amy - these past four years would have been horrible without you. We will always have awesome memories. You are the greatest friend! Nina - My little love bug (fix your hair). Nicole/Courtney/Julia - Bonfires, smores, pouring rain, old crazy Dutch neighbours, trips into town, camping DANGER! HIGH VOLTAGE! And "falling out". Tracey - mastah T! Marina - hottest guy in the school... oh gonzo, you always make me laugh. Shi Shi - my subway. Alex - sizzle! Amy M - I want to keep you forever! Natalia and her birthday parties. Kait and her endless supply of lipgloss. My "little sisters", projectworld, a fine balance, mafia rules da schools (!) car chases, tanning, trips for ice cream, "lunch-time experiences" (seizures, "MR HUXTER! MR HUXTER!"), and the loyal shuttle riders club. Thanks for everything guys, these past few years have been an experience I'll never forget. Good luck to everyone in whatever you choose to do; here's lookin at you.

# 2004

I have been at Trafalgar for two years. Thinking back, there have been happy and unhappy times throughout these days. I have tried my best to gain as much knowledge and experience as I could, both in and out of the classroom. I have made friends from different countries, and I enjoyed my time here. I will never forget the wonderful memories I have at Trafalgar. I thank you people: to my Mum and Dad for giving me this opportunity to study in such a beautiful school; to my sister, my all of my friends there to support, encourage and cheer me up; to all the teachers who taught me during these two years. Thank you Ms. Ellis for taking care of me. Especially, thanks to Mrs. King for giving me a chance to be a tutor. I am proud of myself. Finally, I am graduating. I can't believe that I have made it. It is hard and sad to say goodbye. During these years, I have been surrounded with love and warmth. For all grads, our friendship will never end. I wish all of you a bright future filled with success and good health. Last but not least, to all the Chinese girls "work hard" !! I will miss you all !!

# UNDER 14 BASKETBALL

This year's U14 basketball team was very enthusiastic. We always had great practices (new rules and granny shots from centre court), great laughs and we certainly turned a few heads when we sang our stretching song. At games the team never gave up and always gave 110%. It was a successful year not because of the score but because we worked well as a team. As for our coach, she now knows to stay in the "coaching area" of the basketball court! You are a great bunch, never lose your energy!

Front Row: Ms. Malcolm, Paula Alvarez Del Castillo, Caitlin Crowley, Jenna Lewis, Brittney Lebel, Magdalene Dellaportas, Laura Hildred.  
Second Row: Patricia Manos, Shaina Parris, Caitlin Patrick, Lesley Campbell, Melissa Bolton, Tobi Odueke.

# UNDER 16 BASKETBALL

This was another excellent year for the under 16's. They were led by Ms. Mladen and captain Erin McGrath. This was a young team which will make for a very promising season next year. Erin Siksay was the high scorer of the season and was especially helpful in the finals. Big thanks go out to team manager, Emma Fleury, for keeping everyone organized!

Front Row: Ms. Mladen, Lianne Holland, Emma Fleury, Stefanie Ozretic, Renate Munroe, Christina Runza, Megan Aird, Caroline Bravo, Margaret McKay.  
Second Row: Yvonne Rubio, Erin McGrath, Jacqueline Pilon, Hailey Adams, Kristina Burge-MacDonald, Erin Siksay, Emily Lamb, Meghan Kirton.

# UNDER 20 BASKETBALL

The Under 20 Basketball team had a great season this year. With only two returning Under 20 Basketball players, our team consisted of young players and some international students who had never really played basketball before. This was a great learning experience, especially for the two coaches. Our guards; Miranda, Lindsay, Mallory, Abby, Azumi and Nicole did an excellent job controlling the play and driving to the net. Our forwards; Erica, Marissa, Tania, Danielle, Christina, Tiffany and Ricci played a significant role under the basket, picking up all the rebounds and boxing out the opponents. In each game our skills and endurance improved. The players should be very proud with how they played throughout the season and we look forward to next year.

Front Row: Ms. Marrack, Tiffany Sin, Miranda Klumper, Mallory McCartney, Azumi Ushida, Ricci Fong, Nicole Park, Mr. Huxter.  
Second Row: Tania Jimenez, Marissa Van Dusen, Danielle Bryer, Erica Wodzack, Abby Oti-Yeboah, Christina Lai.

# JUNIOR SOCCER

The under 15 soccer team had a short season this year. We had a very young team with many newcomers to the sport. With excellent leadership from our co-captains, Jessica Daicos and Lisa Harrington, the team was able to bond and learn a great deal about sportsmanship and the game. Ms. McCarthy and Mrs. Robertson would like to thank all of the girls for their dedication and enthusiasm throughout the season.

Front Row: Mrs. Robertson, Sarah Mehta, Caroline Bynon-Murray, Alejandra Casabon, Alexandra Cebry, Harriet Bynon-Murray, Sybille Lindsay, Ms. McCarthy.  
Second Row: Jessica Daicos, Amal Abuzgaya, Erin Campbell, Allison Lamb, Lisa Harrington, Katie McHugh, Katherine Krozonouski.

# JUNIOR FIELD HOCKEY

This was the very first year that Trafalgar fielded an under 14 field hockey team! The 15 enthusiastic players were grade sevens and eights. We had the most enjoyable time playing on this team; mostly because the coach Ms. Ellis was the most incredible, highly energized coach any team would ever dream of. We were very lucky to have her as our coach. The under 14 field hockey team stood together with their heads up high and their large smiles despite many injuries and losses. Not one of us knew how to play field hockey, but it was quickly learned. I don't think that any of us knew how many good friends we were going to make. I am sure that I will see many field hockey players attending the tryouts next year!

Front Row: Ms. Ellis, Stacey Chalmers, Alea Frauts, Charlotte Ghesquiere, Katherine Konn, Maria Corral, Alex Logan, Katie Lahey.  
Second Row: Michelle Park, Marivi Gonzalez, Lindsay Pilon, Laurel Brazill, Samantha Wong, Carolyn Bushuk, Christine Granic.

# SENIOR FIELD HOCKEY

A small but mighty group, the field hockey team always worked hard and was a joy to be around. The dedication and commitment shown by all of the team members were amazing. The girls showed a great connection and each one supported the rest of the team. Everyone shared captain responsibilities, which allowed each team member to motivate the others with their own 'Oonagi Flare'. Although we won only a few games, each of the girls showed dramatic improvement over the term. The team's enthusiasm never failed even when they were playing the best team in the league and had no substitutes. Thanks for a great season. Your hard work was appreciated. See you on the field next fall!

Front Row: Caitlin Hopkins, Cara Cortese, Céline Murray, Marina Cortese, Amanda Eisenhut, Amanda Cortese, Ms. Webb.  
Second Row: Nina Kassett, Jennifer Halloran, Brittany Griffiths, Jacquie Blackett, Katie Bushuk, Christine Mihalek, Courtney Adams.

# CROSS-COUNTRY

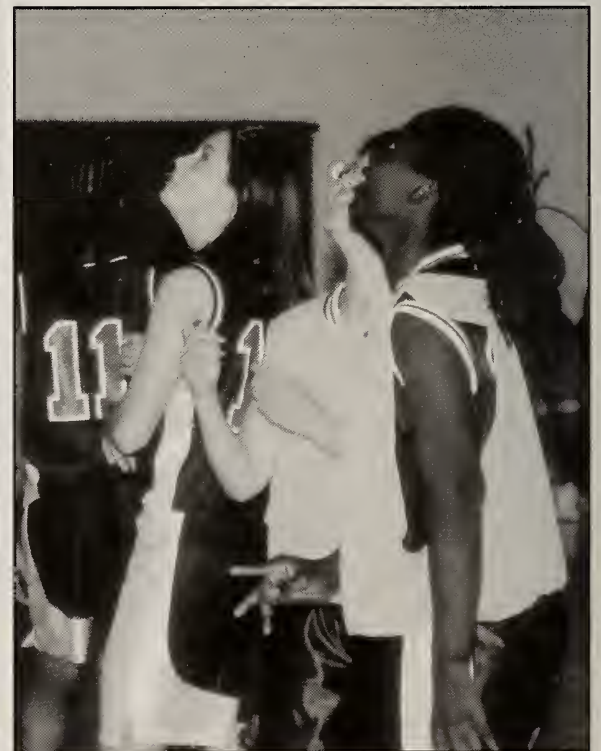

Front Row: Ms. Miles-Berry, Alejandra Rivera, Jacquie Blackett, Amy Sauger, Marina Cortese, Danielle Park. Second Row: Julie Scanlan, Allison Lamb, Marissa Van Dusen, Kristina Burge-MacDonald, Sarah Kingston.

True champions are made when no one else is watching. Those words sum up the philosophy of Trafalgar's Cross Country team for the 2003 season. Ten determined young women, one coach and dedicated parents worked hard in an effort to make this season a memorable one. Trafalgar's Cross Country Team competed in several meets in the fall and produced some outstanding individual and team results. The Mustang Invitational, Iona Invitational, Trinity Harrier Meet, LOSSA and CISAA Championships were a few of the meets that kept the runners on the heels of their competitors. Commitment and dedication during daily practices and hill workouts by all athletes led to improved fitness and accomplishing team goals. Several top 5 team finishes by Trafalgar runners led to personal bests and competitive results. The highlight of the season includes Marina Cortese's individual 4<sup>th</sup> place at the CISAA championships and a 5<sup>th</sup> place finish at the LOSSA Championships. This earned her a berth to the OFSAA Championships in Renfrew where she finished in the top half of the field! Miss Miles-Berry would like to congratulate all athletes for another outstanding season and looks forward to an even more competitive and successful season next fall. Until next year....the Dragon's spirit lives on!

# SWIMMING

This year's swim team has done an exceptional job! The early mornings in our unique (tiny!) pool and after-school practices in Pickering really paid off. Being the smallest school competing in the meets intimidated us all a bit, but we got over that fear, especially Marissa who competed against all boys in the 400m IM! Those 6:30 mornings were worth it after all! The swim team would like to thank Ms. Webb and Ms. Martin for being our coaches and pushing us all to do our best.

P.S. Special thanks to Ms. Webb for bringing Tony (our work out tape) in for us. Just what we needed first thing in the morning...a good laugh!

See you next season!

# GYMNASTICS

The spirit and dedication of the Trafalgar Gymnastics team never cease to inspire, and the 2004 competition year was no exception. The Trafalgar team won the silver medal at the CISAA Rhythmic Championships in Comp 1 hoop routine. We were very proud of the creative and challenging Optional 1 floor routines performed by Natalie Pirkola, Katherine Konn, Meghan Kirton and Margaret McKay, and the strong performances delivered by Harriet and Caroline Bynon-Murray in Level 4 vault, beam, bar and floor. It was especially exciting to see some of the boarding students come out and try gymnastics for the first time. We extend special thanks to Renee Greffe for finding time in her busy schedule at U of T to help coach the team. Coaches Ms. VanderHelm, Ms. King, and Ms. Malcolm thank the team for their tireless dedication and commitment to 6:30 AM practices.

Front Row: Alexia Manos, Leslie Humphries, Rochelle Konn, Katherine Konn, Heather Humphries, Alex Logan. Second Row: Ms. VanderHelm, Caroline Bynon-Murray, Margaret McKay, Harriet Bynon-Murray, Meghan Kirton, Mariko Ohtsuki, Ms. Malcolm. Third Row: Natalie Pirkola, Giuliana Morosoli, Alex Casaubon, Marivi Gonzalez.

# UNDER 13 VOLLEYBALL

---

The Under 13 Volleyball team had a fantastic season. With a new coach (Miss Ellis) and a lot of new energetic players, and some veterans, including the captain (Erin Campbell) the girls got off to a wonderful start, winning their first couple of games. All of the girls showed improvement throughout the season, both on and off the court. At the end of the season, the girls came out even. In the championship, the team played their best volleyball of the entire season, always staying focused, positive, and calm. At the end of the round robin play, there was a three way tie for the second play-off spot. Unfortunately, the final decision came to a head-to-head game versus Holy Trinity, who just narrowly beat Trafalgar. However, the girls were still very proud of themselves, and so is their coach and the parents cheering at the sidelines. Good luck next year, girls!

Front Row: Ms. Ellis, Michelle Horrocks, Christine Lamarre, Laura Hildred, Alea Frauts, Sarah Mehta, Holly Schofield.  
Second Row: Shelby Switzer, Alex Cebry, Samantha Wood, Erin Campbell, Melissa Bolton, Tobi Odueke.

# UNDER 14 VOLLEYBALL

---

The Under 14 Volleyball team is to be congratulated on a great season. We started off the year slowly as we had a completely new team. We improved more and more as the year went on and managed to earn a place at the CISAA Under 14 Volleyball Championship tournament. We continued to put forth our best efforts throughout the tournament and gave the other teams some good competition! We were not able to medal this year in the overall standings but we played hard, improved our skills and our teamwork, and had fun at the same time! Thanks to each one of the players for a fantastic season!

Front Row: Mrs. Pollitt, Paula Alvarez, Alex Casaubon, Lesley Campbell, Patricia Manos, Samantha Wong, Ms. Robinson.  
Second Row: Marivi Gonzalez, Shaina Parris, Laurel Brazill, Caitlin Patrick.

# UNDER 16 VOLLEYBALL

The girls put forth a great effort this year! Their hard work and perseverance led them to the playoffs. Although they were not successful in the playoffs, they improved their skills and teamwork greatly.

Front Row: Ms. Pizzolato, Danielle Morgan, Stephanie Garbe, Hailey Adams, Emily Lamb, Christina Runza, Jessica Daicos.  
Second Row: Allison Lamb, Erin Siksay, Jacqueline Pilon, Megan Aird, Danica Kyryllo, Erika Underhill.

# UNDER 20 VOLLEYBALL

We had a very fun and entertaining year! With our early practices everyone on the team showed great dedication by being at school before the sun was up. They gave 110% every chance they had either at a game or in a practice; especially when it involved trying to hit the coach with the ball! With creative taping jobs, digs and hits everyone improved and in that respect our season was a great success! Thanks for the laughs, it was a blast!

Front Row: Jaime Yamanaka, Lucia Rios, Alex Nixon, Jacquie Blackett, Jackie Kim, Rebecca Tzalazidis, Azumi Ushida  
Second Row: Ms. Malcolm, Tania Jimenez, Julia Taylor, Anastasia Poliacik, Laura Perkins, Mallory McCartney, Juliana Duarte

# ICE HOCKEY

Although we may not be the best team in skill, we are without a doubt, a team with spirit that has a great deal of fun. During Trafalgar's second hockey season, the ice hockey team was able to not only triple their goal average, but also decrease their goals against average by at least half. The girls on the team were a great bunch, all improving dramatically. Many memories were made especially with our trip to Buffalo. On behalf of the entire team we would like to say thanks to both Mr. Downs and Mr. Millar, for their dedication, encouraging words and wisdom. Hopefully we will see many students at the arena next year either to play and or to cheer us on!

Second Row: Mr. Downs, Erin McGrath, Jennifer Halloran, Christine Mihalek, Katherine Krozonouski.

# SYNCHRONIZED SWIMMING

"5,6,7,8. Kick pull kick, Tub Turn, Sailboat, Eggbeater, Propeller - Sharper, Higher, Keep Smiling." A new team this year, the Synchronized Swim Team had 13 swimmers, two routines and amazing results. Head Coach Julie Scanlan choreographed both routines and trained the girls in figures and the art of the sport of syncho. Many of the girls had little or no previous experience but all of the girls performed like true professionals. The veterans of the team Danielle and Jessica Henry, and Stephanie Bonnar dominated the CISAA figures competition and placed in the top three out of a pool of 100 swimmers. Overall the team finished an amazing second place. Special thanks to Ms. Webb our staff supervisor, who was present at our many early morning practices.

Front Row: Natalie Pirkola, Caroline Bynon-Murray, Jessica Henry, Julie Scanlan.  
Second Row: Harriet Bynon-Murray, Amanda Cortese, Neiraja Gnaneswaran, Danielle Henry.  
Third Row: Emily Lamb, Allison Lamb, Rachel Shaw, Charlotte Ghesquiere, Stephanie Bonnar.

# UNDER 14 TENNIS

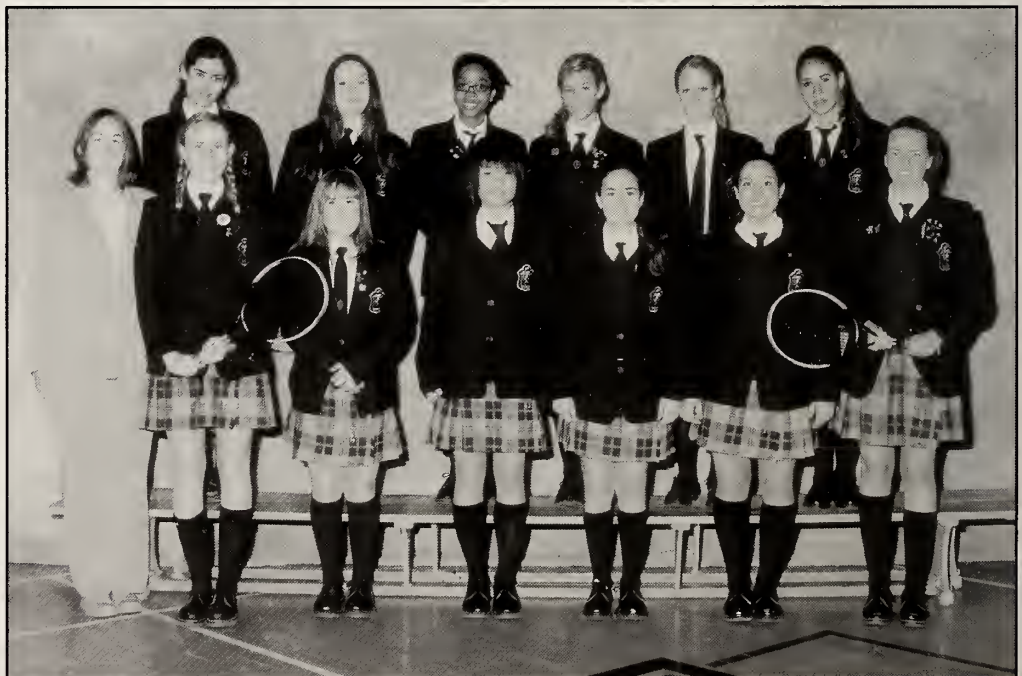

With 30 girls at try-outs I knew we were in for a good season! We created two teams, one competitive and one recreational. The recreational team had a chance to go out and play a little tennis while improving their skills, while the competitive team would travel and play other schools with such a reliable coach: "I hope you all brought a racquet!" What a start to the season! But by the end our balls generally went where we wanted, we were getting aces, matches were being won and the coach would remember to bring the racquets. Practices were well attended and whether it was a game or practice good times were being had by all! It was all in all a great season!

Front Row: Mackenzie Boyd-Garrison, Alexia Manos, Joanna Dellaportas, Brittney Lebel, Sybille Lindsay, Leslie Humphries, Katherine Konn, Charlotte Ghesquiere, Alea Frauts, Rochelle Konn. Second Row: Patricia Manos, Caitlin Patrick, Maria Corral, Jenny McKeeman, Laura Hildred, Laurel Brazill, Jenny McWha, Christine Granic, Sarah Mehta, Jenna Lewis, Ms. Malcolm. Third Row: Marivi Gonzalez, Tobi Odueke, Melissa Bolton, Erin Campbell, Samantha Wood, Alex Cebry, Kaitlynn Gambier, Lindsay Pilon, Olivia Ghesquiere.

# UNDER 20 TENNIS

The Tennis team worked hard this year facing very tough competition in some very close matches. Amanda Brown took the lead as coach of the team, and provided players with strategy and technique pointers throughout the season. Amanda, our first seed singles star, defeated every opponent she encountered often with an 8:0 set. The team had quite an adventure on the way to Lakefield when Amanda Cortese decided that we should go for the short-cut. Who would believe that a school bus would stop at EVERY HOUSE! Ms. Webb thanks all members of the team for their hard work and great spirit.

Front Row: Ms. Webb, Emily Lamb, Brittney Lebel, Vivian Wong, Alejandra Rivera, Lucia Rios, Megan Aird. Second Row: Nikki Mahshid, Danielle Morgan, Renate Munroe, Stefanie Ozretic, Amanda Brown, Giuliana Morosoli.

# UNDER 20 SOFTBALL

The Under 20 Softball Team had a fine year, finishing first in the Tier 2 Division with a record of 3 wins, 1 loss and 1 tie during the regular season. The team made the playoffs and competed well at the Rosseau Lake Tournament losing a close one - run game in the semi-finals. Special thanks go to: Mr. Palmer, the coach; and, Ms. Pizzolatto, the assistant coach. Congratulations to all members of the team for their outstanding efforts and to Erica Wodzak, this year's MVP.

Front Row: Margaret McKay, Miranda Klumper, Katie Bushuk, Kirsten Sartz, Heather Lawrence.  
Second Row: Ms. Pizzolatto, Samantha Wong, Katherine Krozonouski, Erin Siksai, Stephanie Garbe, Mr. Palmer.  
Third Row: Brittany Griffiths, Lindsay Head, Marissa Van Dusen, Erica Wodzak, Christine Mihalek.

# SOCCER

Jockey! On your bike! Foot on! We have finally learned to speak "Huxter" and now the season is over! After a slow start to our season, we finished as a much stronger team. Individual skills were consistently improved upon and teamwork skills were developed throughout the season. Mr. Huxter and Mrs. Robertson want to thank the girls for their continual dedication to the team in terms of effort level at practices and we look forward to a stronger season next year.

Front Row: Allison Lamb, Giuliana Morosoli, Yvonne Rubio, Lucia Rios, Tanishah Nathoo.  
Second Row: Mrs. Robertson, Jacquie Blackett, Christina Runza, Erin McGrath, Mr. Huxter.  
Third Row: Lisa Harrington, Molly Kwak, Amy McGrath, Mallory McCartney.

# TRACK AND FIELD

This year's Track team was small but mighty!! Eleven dedicated runners, jumpers and throwers represented Trafalgar very well at several province-wide meets. The indoor season at York University brought many top 3 results, and served as a tune-up for the long, but stellar outdoor season. Many athletes, through hours of hard work and perseverance, brought home several medals from LOSSA and advanced to OFSAA Regionals. The following athletes should be congratulated:

Sarah Kingston - 800m, 1500m

Caitlin Hopkins - 100m, 200m

Jaime Leung - 400m

Jen Halloran - High jump

Erica Wodzak - Shot put

Marina Cortese - 1500m, 3000m,  
Steeplechase

Miss Miles-Berry and Ms. Ellis thank all of the athletes for a fun and memorable season and look forward to next year.

Front Row: Amy Sauger, Marina Cortese, Caitlin Hopkins, Ms. Miles-Berry, Ms. Ellis.  
Second Row: Lisa Harrington, Jen Halloran, Erica Wodzak, Miranda Klumper, Kristina Burge-MacDonald, Sarah Kingston, Marissa Van Dusen, Jaime Leung.

Through sheer talent and determination, Caitlin Hopkins finished 2<sup>nd</sup> in the 100m sprint at OFSAA Regionals in a very tough field. She competed at the provincial championships in Etobicoke and made Trafalgar very proud. Congrats on a top 10 finish at OFSAA!!

# GRAD DANCE

# VALEDICTORIAN

Imagine a school abounding with intelligent, opinionated, humorous, and gorgeous young women. Upon entering the school you find a peculiar lack of young men, but to the girls' delight, the sudden vanishing of boys has been replaced with 42 meals a day. At this same school, the rooms are presided over by eccentric teachers, who regale their students with tales of their upcoming wedding or their alarming obsession with Scooby Doo. As you gaze in awe around you, you realize that you're in a castle and as a parent of a teenage daughter; you ask yourself that golden question, "How much is this going to cost me?" And you realize that you cannot put a price on your daughter's happiness.

I wish a good morning to this audience filled with family, guests, staff, students, and to the most beautiful graduating class I have ever seen. It is an honour and my pleasure to share with you today the reasons this graduating class is a special one. For the past few years, along with myself, my fellow graduates have befriended each other, gloriously stuffed our faces with food and have had the most privileged opportunity of being taught by the best teachers I have ever encountered. For us, this moment is bittersweet, as many of us have been looking forward to this day since the beginning of this year. Today represents freedom, maturity, boys, and essentially this is our last time together.

This year has been one of continuous breakdowns, throwing books and laptops, and what would an all girls' school be without the drama? However, we have stomped on these obstacles with our drive to succeed, the support of parents and teachers and laughter. Laughter is one of the most prevalent noises, among others, that can be loudly heard from us. I cannot recall one person who has not made me laugh. And whether I was laughing with you or laughing at you is of little concern. The important thing is that we made it to the stage and still managed to have fun along the way. However, our memories will have to suffice as we will no longer play Truth or Dare at camping weekend, there shall be no more sumo wrestling on May Day and we must restrain ourselves from purposely showing up to school in our pyjamas.

The teachers of Trafalgar are equal participants in the festivities of the school and it is difficult to take them seriously especially when your teacher is dressed like Marge Simpson. The reason the graduates are the strong women you see before you is because we have been blessed with teachers who want us to succeed and love to push us beyond our limits. They know that the best way to build character is to consistently provide us with stress in the form of endless amounts of work. Yet, they never left our sides, possibly because they wanted to catch us on MSN, but the true reason is because when we fell, they did the best thing for us: they picked us up and kept on pushing us. And because of the people of integrity that we are today, teachers, I thank you.

Now, unfortunately for our parents and family, we like to bring our stress home. You, parents, are the ones who have made the most sacrifices for us and have probably been thanked the least. Instead, you are showered with complaints and our endless whining about the school, which you thought was the best option for us. Well, here's the truth, although most of us will never admit it, making the sacrifices and sending us to this school was one of the best things you did. And to those parents who have travelled from across the world or from the snowy regions of Canada, thank you for being here and thank you for being brave enough to part with your daughters, so our lives could be more fulfilled. So, on behalf of the graduates, I would like to apologize to the parents for relaying our stress to you and I hope that we have become women of which you are proud.

Before we all leave this school to explore that which we have been anxiously waiting to experience, no one is prepared to leave until they have received the last words of advice from me. Prepare yourself graduates, this is the last time I will be imparting my words of wisdom to you. So, here it goes: Remember that there is no 'i' in team, but there is a 'm' and an 'e'. Realize that you are the only one who will drive and push you to succeed. You are the one who will remain a dreamer and fight to fulfill those dreams. And most importantly, during your breakdowns next year at university, remember that you are and will continue to be my favourite people and I honestly believe that I must be truly special to be graduating with amazing people like you.

As our high school careers end, I have been granted time to contemplate what this graduating class has meant to me and to many of the staff and students of the school. Grads, I will miss your smiles, your boisterous laughter and the way we all nonchalantly hiked up our kilts when a boy appeared in our school. Most of all, though, I will miss your spirits and as the wise and wonderful Oprah Winfrey commands, "Remember your spirit" for it is time for us to fly and grace others with our spirit. So as heartbreaking as it is to leave, we're ready. Bring on the hard work, bring on the boys, and bring on the future because we have come this far and being the powerful girls that we are—we want more! Grads, it has been a beautiful honour to experience high school with all of you and I know success awaits you in anything and everything that you choose to do. So, last, but most certainly not least, grads, I thank you.

*Kerri Gogar*

# Farewell

*As this year comes to a close we bid farewell to all those who have graced our halls. To Mr. Briggs, we wish all the best in his new endeavour. To Mr. Palmer, a restful but exciting retirement. To Ms. Marrack, Mr. McCuaig, Ms. Ellis, Mrs. Pollitt, we will miss you. To all the grads - embrace the new but don't forget to write and visit. To all who are leaving, we hope this yearbook reminds you of your experiences at Trafalgar and brings a smile to your face. Enjoy. Until we meet again....*
